Re: July China Tour Follow-up

Dear Mr. Su:

I would like to thank you and your China staff for the herculean efforts you put forth to set-up meetings for my China tour. In a very short time, you were able to put me in contact and set-up meetings with interested EB-5 investor and prominent immigration agencies in 5 cities in China. These meetings were extremely successful and have led to ADF signing contracts.

While on the ground in China, your staff acted professionally and gracefully in our discussions, coordination of events and travel plans. Without their intimate knowledge of Chinese business practices, local customs and ability to translate, we would not have been successful in these meetings and negotiations.

The success of any business meeting is in the follow-up. Your staff has made this an easy process for me, proactively following-up with each person we met to ensure ADF fulfills the commitments we promised and offer advice on how to foster the relationship.

Your up-to-the-minute knowledge of the EB-5 program, important contacts throughout the Regional Center world and consultation has been a critical part of our success. Thank you for all your assistance and I look forward to expanding our relationship.

Respectfully,

George W. Ekins
